MS Amlin strengthens P&I capacity for 2019

As a leading fixed premium P&I insurer, we have strengthened our P&I capacity for 2019; offering ground up capacity of up to USD 500 million through MS Amlin Insurance SE, and up to USD 1 billion with support from Lloyd's of London and other selected insurers.

As well as providing capacity for a wide range and size of risks, we are committed to delivering the best in technical P&I services from underwriting, claims, and advisory services, underpinned by the security and financial strength of MS&AD Insurance Group – a top ten global insurer.

Who we are

MS Amlin provides specialist P&I insurance with a premium income of USD 60 million. With P&I headquarters in Rotterdam, and additional offices in London, Paris, Dubai and Singapore – our 120+ employees deliver services based around two core P&I products:

- Shipowners' P&I, including FDD
- Charterers' liability, including FDD and Cargo Owners' Legal Liability

Every situation is different and when the standard cover is not enough, we offer a wide range of additional covers like War Risks, Bunker, Freight and Kidnap & Ransom insurance to ensure you are fully protected. Our fixed premium policies ensure cost-certainty and no unexpected increases.

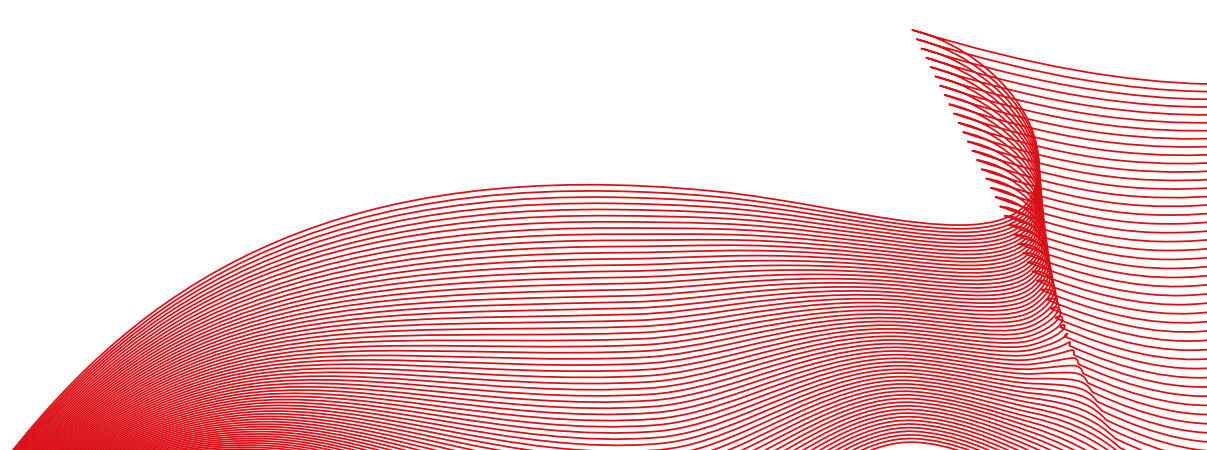

Strength in numbers

By increasing our P&I capacity, we are able to offer:

- Up to USD 1 billion for Shipowners' P&I
- Up to USD 500 million for Charterers' Liability

Capacity can be provided through a number of different solutions:

- Through MS Amlin Insurance SE, we can provide ground up capacity up to USD 500 million
- Through our Lloyd's Syndicate 2001, we can provide ground up capacity up to USD 100 million
- Excess capacity placed on a direct basis with Lloyd's of London and selected insurers, provides limits of up to USD 1 billion

Why choose us

Our market leading capacity gives us the ability to consider risks across the spectrum; from smaller operations right up to the biggest Ship operators, Owners and Charterers. In addition we have built a strong reputation for our:

- Technical underwriting capabilities – our underwriters are experts in their field
- Claims service – our claims handlers are qualified lawyers, offering help, support and advice 24/7
- Technical, nautical and legal advisory services and training, for our clients – which are focused on prevention and risk management

Our security

An insurer is only as good as its ability to pay claims. Our financial rating is excellent; either the same or even better than the International Group of P&I Clubs.
