Can Formula E help Hongkongers explore positive ways to tackle climate change?

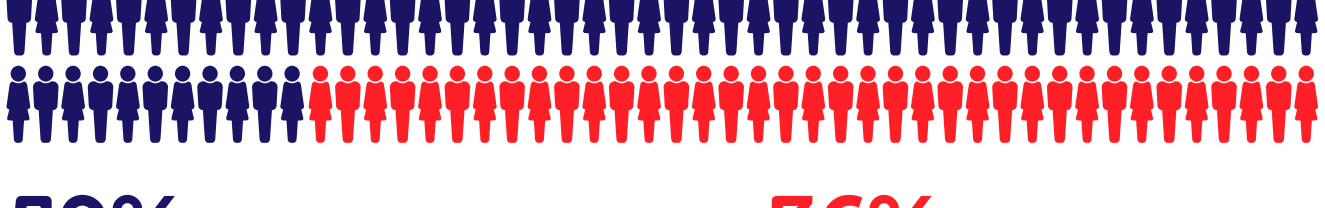

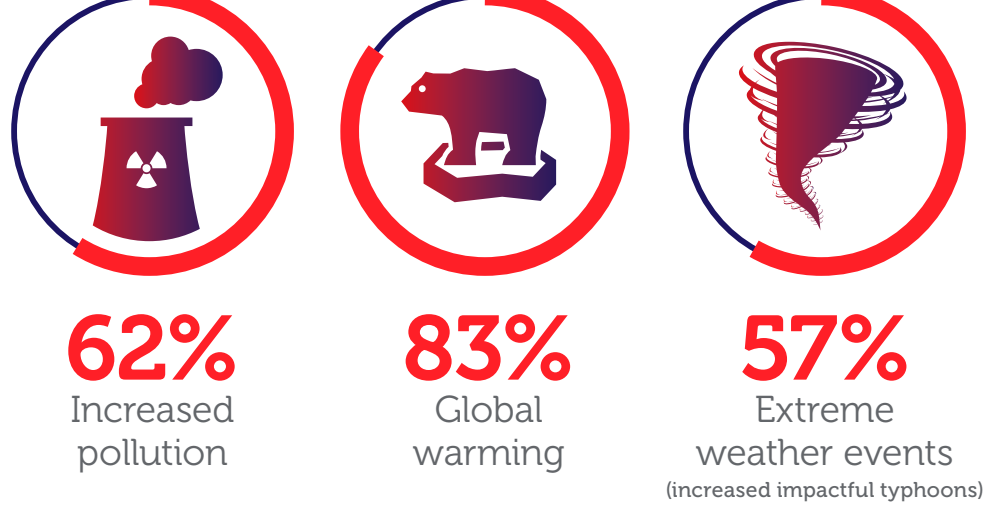

Formula E is coming to Hong Kong on December 2/3

Formula E can help show Hongkongers that new technologies could help them tackle climate change.

A poll of 503 people living in Hong Kong aged 18 to 35 by global reinsurer MS Amlin finds:

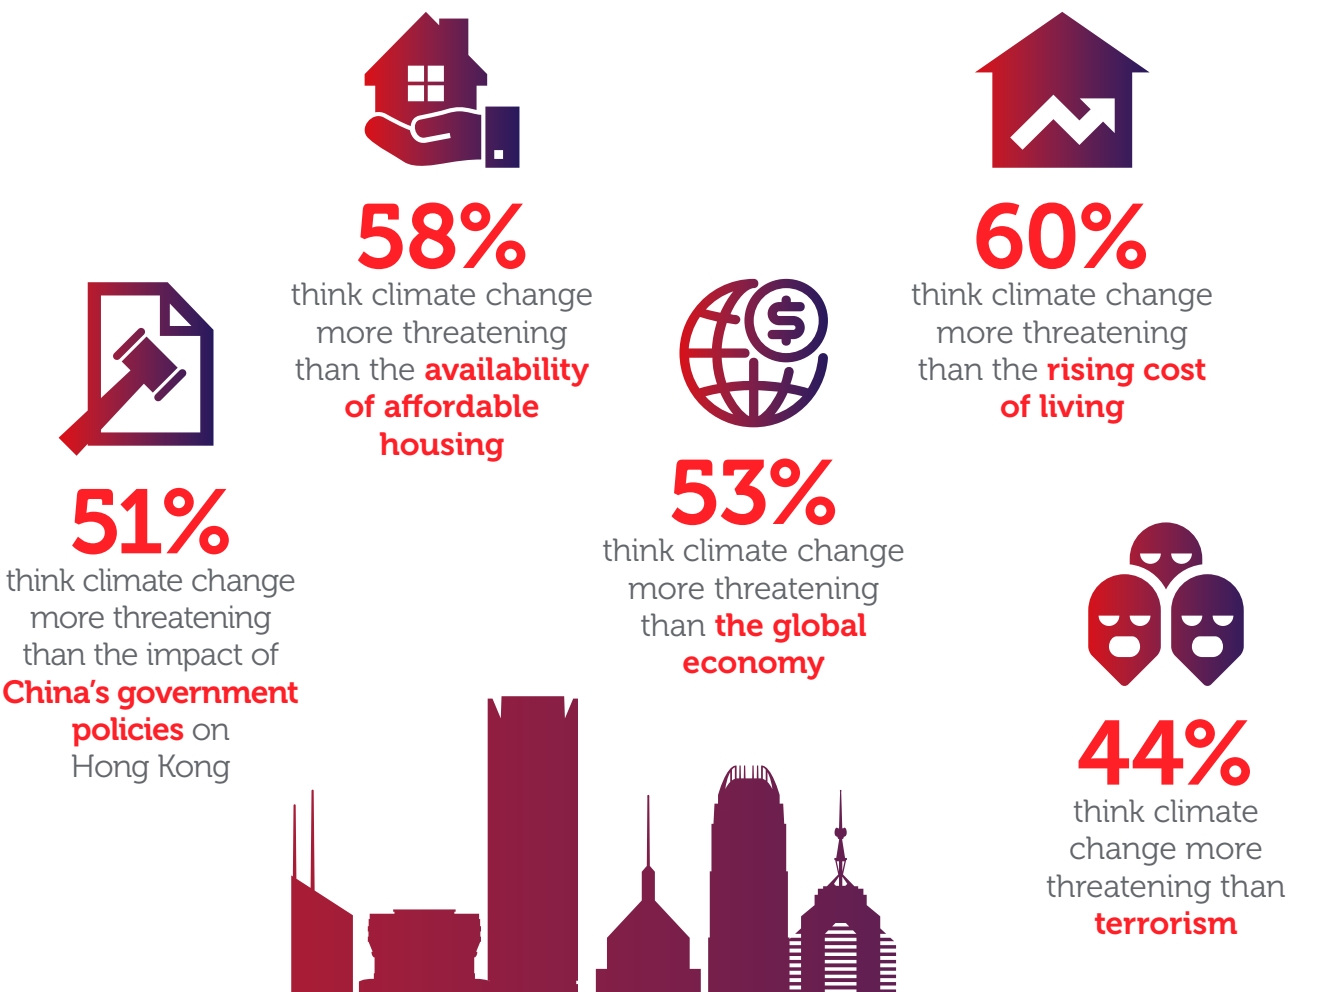

The climate change issues they worry about most are:

How 18 to 35 year old Hongkongers are tackling climate change:

A more serious threat than...
