## Outstanding claim service

Our award-winning claims service is among the best in the industry. We are committed to fair, efficient and timely claims management and we adopt the same proactive approach in this area as we do when setting terms at risk placement.

One of the reasons we are a market leader is we understand the importance of timely payment of valid claims. Where possible we fast-track payments and were the first to introduce an initiative that enables us to advance money to clients following major loss events. We call this **MS Amlin Advance**.
